UTOPIA™
GAMING

THE PERFECT PARTNER TO SERVICE YOUR VENUE'S NEEDS

UTOPIA™ is the gaming systems division of Banktech (The Banktech Group Pty Ltd).

Our recent acquisition of Global Gaming Industries with gaming systems supplied to over 900 venues across NSW, VIC and SA brings together more than 50 years of combined experience across the hospitality and gaming industries.

We offer a diverse range of gaming and payment expertise to deliver a scalable, flexible technology roadmap that can provide your business with a competitive edge both now and into the future.

Omni Gaming System is Utopia's gaming platform comprising a suite of products to manage all aspects of your venue.

Omni
GAMING SYSTEM

---

omni VISION

‹ OMNI VISION

Cloud based central hub encompassing performance analytics and statistics.

‹ DASHBOARD

Displays the daily status and performance of EGMs and Banktech devices including ATM, *Auto*Pay safe and *Quick*Pay CRT allowing you to better manage your venue's cash levels.

‹ GAMING HUB

Your total graphical and statistical reporting package allows fast gaming data review including comparison, trends, occupancy levels and best EGM performance.

‹ DEVICE MANAGER

Reports on Banktech devices and allows you to see their status, journal/audit, media counts to allow for better management and ensure device uptime.

‹ SAFE CASH RETAIL STATION

Integrated with your gaming system it allows you total control of your venue's cash balances. Centrally track clearances, banking, transactions and float audit.

---

omni RELATE

‹ OMNI RELATE

Manages patron transactions throughout your venue by offering multiple points of contact. Dedicated loyalty and promotions application provides ability to market your venue and increase patronage through loyalty rewards and promotional activities. RELATE is fully integrated into all venue areas and devices.

‹ KIOSK AND POINT OF SALE INTEGRATION

Rewards patrons with swipe promotions on entry and POS transactions. Multiple reporting options available to assess patron visitation and usage patterns, which can help maximise customer retention.
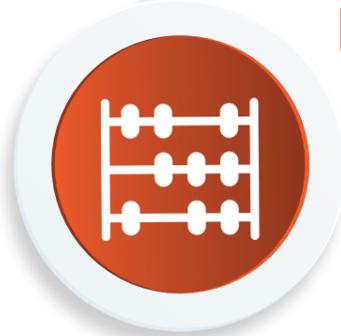

‹ PIMS

Profit Impact of Market Strategy allows every EGM to display promotional events direct to your patrons.

---

omni TRANSACT

OMNI TRANSACT ›

A user friendly application developed using the latest technology to provide an integrated cash handling network. Can be integrated with our Banktech cash dispensing devices including *Auto*Pay safe or *Quick*Pay CRT to automate your cash deposit and withdrawal operations and minimise operator error and shrinkage.

---

omni IQ

‹ OMNI IQ

In-venue reporting software offers a suite of regulatory and performance reports. IQ allows you to setup automatic daily email reports or enable you to see your venue's performance throughout the day as a summary, interactive floor plan or analytical stats.

‹ SET AND FORGET

Automate reports and send them straight to your inbox.

‹ FLOOR PLAN MONITOR

Monitor hot machines and peak trade hours through a visual floor plan using a colour coded system to show areas of performance change.
