## UTOPIA Gaming Systems

---

UTOPIA Gaming Systems now offers licensed monitoring services in the Queensland market.

UTOPIA Gaming Systems was established in 2014 and is a wholly owned subsidiary of the Banktech Group. In 2016, UTOPIA acquired Global Gaming Industries that operate gaming systems across Australia.

The Banktech Group was established in 1991 and is the market leader in payment technology operating in over 2,500 venues.

The Global Gaming System was first developed nearly 30 years ago and now operates in over 1000 venues nationwide. Since joining the Banktech Group, the system has been constantly evolving to ensure it meets the needs of every operator, while still maintaining our highly competitive pricing.

UTOPIA Gaming Systems was granted a monitoring operators suppliers licence in 2015 and has since been developing, testing and certifying its system to assure new customers of its stability, reliability and security. This system is the first to be approved in Queensland in more than 10 years and brings the latest in network and gaming technology to the market.

### **GAMING MACHINE MAINTENANCE**

The Global Gaming System is backed by a team of fully trained licensed professionals working in partnership with the market's leading gaming machine manufacturer to provide all of your servicing needs.

Our rapid response service team and 24/7 help desk will ensure your gaming room is fully operational and we keep an extensive range of spare parts on hand to ensure minimal machine downtime.
