**Global** GAMING SYSTEM | **Omni** VISION

SEE EVERYTHING
WITH OMNIVISION

✓ **Streamlined reporting**
A comprehensive range of built-in reports for devices and gaming analysis including cash levels and performance.

✓ **User-friendly**
Accessible from your office or on the go.

✓ **Multi-level access**
Can be configured to allow groups to see individual venues' devices.

✓ **Accurate**
Always up-to-date, with near-real-time reporting.

✓ **Secure**
Omni VISION is highly secure, ensuring your data remains protected.

Omni VISION is a secure, cloud-based portal that gives you a single view of your EGMs and Banktech devices.

**UTOPIA** GAMING SYSTEMS

Features and Specifications

Dashboard:

- Multi-level access allows groups to see data across all venues or just one.
- Graphically displays cash levels across all devices.

Device manager:

- View the status of all Banktech/UTOPIA devices to maximise up-time and fault-finding analysis.
- View complete transaction history across all Banktech/UTOPIA devices.

Security:

- Peace of mind knowing your data is secure behind our PCI-compliant firewalls and infrastructure.
- External penetration tests conducted multiple times a year to ensure Omni VISION is operating at the forefront of cyber-security technology.
