OMNI EYE

DATA AND REPORTING MADE EASY

Omni EYE is a streamlined, modern upgrade to the original Global EYE product that has been in use for over two decades. Omni EYE can now leverage the power of near-real-time reporting and centralised floor management, enabling you to efficiently report and reconcile gaming floor data. Omni EYE comes packed with new 'set and forget' features that allows venues to focus on other parts of their day-to-day business needs.

Easy to Use

Easy reporting and reconciliation

Reduce labour costs

Unlimited links can be added

ABOUT UTOPIA GAMING SYSTEMS

UTOPIA Gaming Technology was established in 2014 and is the market leader for gaming systems in the Australian gaming market. Installed in over 1,000 venues in NSW, ACT and South Australia, it is the most widely used system in Australia.

UTOPIA continues to invest in the development of the Global Gaming System to ensure it meets the changing market environment and our customers' needs, while maintaining the simplicity and reliability at the core of UTOPIA's DNA.

OMNI EYE – KEEPING AN EYE ON YOUR GAMING BUSINESS

Omni EYE provides a long list of features designed to help make managing your gaming floor easier.

» **EGM Management:** Easily set-and-forget future floor moves, game changes and disposals to happen simultaneously on your CCU6 and Omni EYE. Omni EYE also seamlessly enables you to revert actions back to their original state, ensuring you have complete control and adaptability in managing your operations.

» **Complete Access Control:** With Omni EYE, you have the flexibility to define roles and user access.

» **No Link Restrictions:** Need more Links - no problem! Omni EYE scales with you, allowing you complete visibility of ALL your link data and analysis needs.

» **Reports how you need them:** Omni EYE's reports delivered to your inbox as pdf or downloaded in your preferred format - csv, xls, pdf

» **Track payouts:** The Omni EYE makes it easier to track both electronic (EGM) and manual payouts. This allows you to easily monitor where each payout was processed.

» **Data Management:** Swiftly identify and resolve any floor data issues with the latest data and meter management tools.

» **Service Driven Architecture:** Built-in background services take care of all the mundane and automated tasks for you.

» **Data Integrity:** Omni EYE delivers data quickly and efficiently, exactly when and where you need it, without the need to wait for applications to run to ensure data integrity.

» **Automated Jackpots:** system-generated jackpots means large pays don't need to be manually entered.

» **AML Report:** filters to provide a quick report for AML audits and reporting.

Omni EYE is supported by a 24/7 Help Desk and team of skilled field technicians ensuring you have all the support you need.
