Simplify jackpot payouts

Eliminate manual processes with automated jackpot payouts, reducing human error and speeding up service at the cashier or bar.

Automated reports without the complexity

Get clear visibility on performance, turnover, and gaming trends through user-friendly reports, delivered to your inbox.

Provides AML and venue compliance

Auditable and compliant reporting with advanced filters, using your stored gaming data.

Built for today, ready for tomorrow

From AML to responsible gambling controls, you'll meet your gaming requirements now and into the future.

Business Banking EFT Support

Efficient work workflows with only 2-3 touch points for cashier processing, approvals, and banking file downloads. Helping your venue to reduce the risk of human error or fraud.

Global Connections

A next generation data service that provides fast, secure, near real time local integrations (up to once per minute). It lets venues connect multiple providers for reconciliation, reporting, compliance, and display/alert systems.
